Section of Pico Boulevard Closed Starting December 4 for LA Convention Center Expansion Project

Closure Supports Major Milestone for Project that Revitalizes DTLA and Creates 15,000 Jobs

Los Angeles, CA (December 03, 2025)

The City of Los Angeles announced that Pico Boulevard between LA Live Way and Figueroa Street will be closed beginning Thursday, December 4, 2025 through March 31, 2028. This closure is needed for the LA Convention Center (LACC) Expansion and Modernization Project, which will connect the existing South and West Exhibit Halls above Pico Boulevard. This public infrastructure investment will be a major economic driver for Downtown Los Angeles. It will create more than 15,000 jobs, add \$652 million in General Fund tax revenue over 30 years and draw in more than \$150 million in additional visitor spending each year. For more information on the closure and project, visit laconventioncenter.com/expansion.

DETOUR MAP

See detour map below for alternative routes to go east and west using Olympic Boulevard and Venice Boulevard.

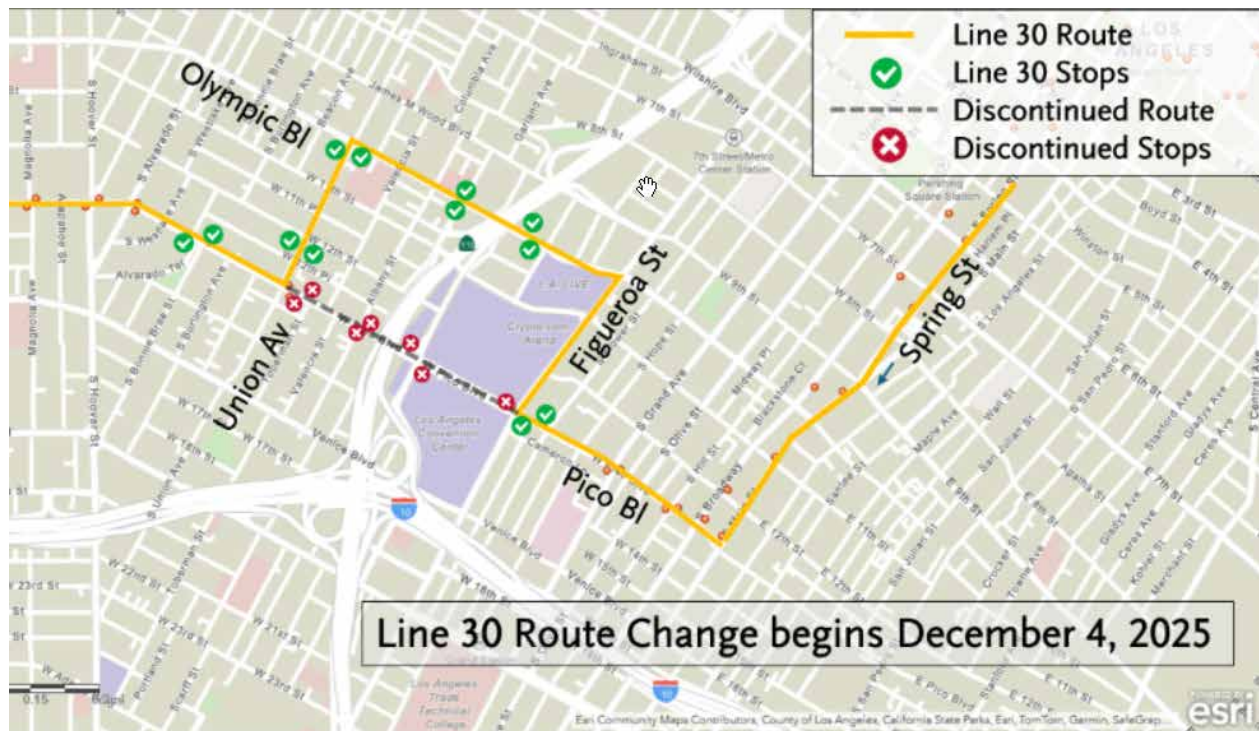

LOCATION AND DATES OF CLOSURE

Pico Boulevard, between LA Live Way and Figueroa Street, in Downtown Los Angeles will be closed 24-hours/7 days a week from **Thursday December 4, 2025 to March 31, 2028**. Typical working hours for the LACC Expansion and Modernization Project will be Monday-Friday from 7:00 am to 9:00 pm and Saturday 8:00 am to 6:00 pm. Additional work hours will be added as required/necessary.

In addition, there will be work taking place in the surrounding area on December 6 and 7, 2025 to restripe area streets for detour. This work area is Pico Boulevard, between Albany Street and Grand Avenue.

METRO BUS LINE 30 DETOUR

Line 30 will be rerouted to Olympic Blvd. between Figueroa St. and Union Ave. Please see attached map for new routes and stops.

WORK DURING CLOSURE

Work in this area will include demolition, underground utilities, excavation, foundations and pile placement, structural steel erections, sidewalk and roadwork improvements, traffic controls, backfilling, asphalt paving, striping of roadways and intersections and landscaping.

FUTURE OF PICO BOULEVARD

This closure is necessary to construct above Pico Boulevard and connect the West Hall with the South Hall. Below are renderings that show what Pico will look like when the Project is complete.
